exploring the origins and progress of the current agrarian reforms contributing authors analyze the significance of contemporary russian evaluations of pre revolutionary rural reform and many other agrarian issues

have land reform movements ever managed to redistribute wealth to encourage economic development to improve standards of living to ensure political stability this book answers in the negative drawing upon land reform movements over twenty six centuries of history tuma develops a hypothesis about land tenure reform that should enable other scholars to evaluate the success of past reform movements and to see the trends of present and future ones more clearly in the first part of the study a general definition of land tenure reform is advanced starting with the ordinary meaning of reform as a redistribution of land to benefit the small farmer or landless agricultural worker this definition is modified so as to take into account various forms of tenure of title to land patterns of cultivation terms of holding and scale of operation the middle section of the book presents a comparative study of different types of land reform movements eight major case histories are considered the greek reforms of solon and pisistratus in the sixth century b c the roman reforms of the gracchi in the second century b c the english tenure changes covering the commutations of the middle ages and the enclosures of the sixteenth and eighteenth centuries the reforms accompanying the french revolution the three russian reforms the emancipation of 1861 the stolypin reforms of 1906 1911 and the soviet reform beginning in 1917 the mexican reform after the 1910 revolution the japanese reform after the second world war and the egyptian reform starting in 1952 in sum the book relates the land reform movements of past centuries to those now in progress in underdeveloped countries it argues that the land reforms of the last two decades have dealt with symptoms rather than causes have affected only a small percentage of either the population or the cultivable area and warns that even if high concentrations of the land holdings are broken down reconcentration is likely to recur unless strong preventive measures are taken this title is part of uc press s voices revived program which commemorates university of california press s mission to seek out

and cultivate the brightest minds and give them voice reach and impact drawing on a backlist dating to 1893 voices revived makes high quality peer reviewed scholarship accessible once again using print on demand technology this title was originally published in 1965

revised version of papers presented at the national workshop on land markets and rural poverty held at mussoorie during 10 11 august 2004

three fourths of the world s poor are rural poor most of the rural poor remain dependent on land based livelihoods for their incomes and reproduction despite significant livelihood diversification in recent years land issue remains critical to any development discourse today market led agrarian reform mlar has gained prominence since the early 1990s as an alternative to state led land reforms this neoliberal policy is based on the inversion of what its proponents see as the features of earlier approaches and calls for redistribution via privatized decentralized transactions between willing sellers and willing buyers its proponents especially those associated with the world bank have claimed success where the policy has been implemented but such claims have been contested by independent scholars as well as by peasant movements who are struggling to gain access to land this book presents three thematic papers and six country studies the thematic papers address issues of formalisation of property rights gendered land rights and neoliberal enclosure these studies demonstrate the pervasive influence of neoliberal ideas on property rights and rural development debates well beyond the core question of land redistribution the country cases bring together experiences from brazil guatemala el salvador philippines south africa and egypt common findings include the success of landowners in minimising the impact of reform and a lack of post transfer support translating into marginal impact on poverty the limitations of the market led approach and the implications of the

studies presented here for the future of agrarian reform are considered in the editors introduction this book was a special issue of the third world quarterly

monograph reviewing various land reform programmes in south east asia examines the problems involved and the reasons for success or failure of such schemes references and statistical tables

the redistribution of land has profound implications for women and for gender relations however gender issues have been marginalised from both theoretical and policy discussions of agrarian reform this book presents an overview of gender and agrarian reform experiences globally jacobson highlights case studies from latin america asia africa and eastern europe and also compares agrarian and land reforms organised along collective lines as well as along individual household lines this volume will be of interest to scholars in geography women s studies and economics

this book shows that the failure of successive indian governments to effect meaningful agrarian reforms has led to a political economy in rural india that is shaped as it was prior to independence largely by the interests of an elite minority of landholders

this book evaluates the capacity of new democratic regimes to promote redistributive agrarian reform an issue of contemporary concern in countries throughout the world agrarian reform is particularly complex and difficult for new democracies because it curtails the power and privileges of influential elements of society the author analyzes the problems attendant on political liberalization and social and economic reform by examining in detail the formulation and implementation of agrarian reform in the philippines under the governments of corason aquino and her successor fidel ramos the book explores how the interaction between state and society shapes reform policy decisions paying close attention to the role of cultural variables and social organizations it shows that what is needed for successful agrarian reform is a combination of sustained forceful leadership from a disciplined reform oriented political party and grassroots

agitation by peasant organizations

monograph comprising a symposium on agrarian reform in latin america china and india considers the social implications theoretical aspects political aspects and economic implications of land reform and examines its effects on income distribution and interactions with peasant movements etc maps references and statistical tables

the book land reforms in india constitutional and legal approach is a landmark in the field of land reforms it explores many new and important facts and principles of laws on the subject which are universally applicable the author discovered a mathematical formula to concretize the concept of land reforms and successfully applied it in his statistical study of implementation of land reforms in india with special reference to state of uttar pradesh there is an imperative need to implement the land laws in true spirit and with determination

the present work seeks to study the politics that influenced the formulation and implementation of the various land reform measures undertaken by the government of assam it is a comprehensive study of the land system in assam the various problems associated with this system and the reform measures undertaken by the state government to improve the agrarian structure and the condition of the peasants a study of the major land tenures prevalent before and during british rule and the attempts made by the british to streamline the agrarian structure has also been done so as to trace the origin and evolution of the present day tenures in assam there were two major land tenture system the zamindari and the raiyawari tentures this work deals with those areas where the raiyatwari system of land prevailed as in rest of the country after independence the congress party was at the helm of affairs in assam and the land reforms in the state were based more or less on the lines of the all india land reform policy however there have been a number of drawbacks and limitations not only in the acts but also in their implementation and the result have been far from satisfactory the author is of the opinion that the class character of the congress party was greatly responsible for the manner in which the reforms were enacted as well as implemented in the

state an indepth study of the state legislative assembly has been done to show the working of these interests during the formulation of the land reform acts the author believes that as elsewhere even in assam unless the vested interests are done away with land reforms can only be an apology touching only the periphery of the problem even at the best of times
